

Monthly Indicators

October 2020

October continued to be busier than the calendar normally suggests. Buyer activity remains higher than normal for this time of year, while in many segments of the market housing supply remains much lower than one year ago. Multiple offers remain a common occurrence in many areas, keeping housing hot while the temperatures continue to fall.

New Listings in the Sioux Falls region decreased 31.0 percent to 457. Pending Sales were up 47.9 percent to 648. Inventory levels fell 36.0 percent to 1,227 units.

Prices continued to gain traction. The Median Sales Price increased 12.0 percent to \$239,250. Days on Market was down 2.5 percent to 79 days. Sellers were encouraged as Months Supply of Homes for Sale was down 46.0 percent to 2.7 months.

Mortgage rates dropped to new record lows again in October, helping to offset the monthly mortgage payment increases caused by the rise in home prices seen in many segments of the market across the country. While prices often dip a bit in the winter months, continued buyer demand may temper any price retreats this year.

12-Month Avg	98.6%	99.0%	+0.4%

Historical Percent of Original List Price Received

Housing Affordability Index

This index measures housing affordability for the region. For example, an index of 120 means the median household income was 120% of what is necessary to qualify for the median-priced home under prevailing interest rates. **A higher number means greater affordability.**
